

SPONSORSHIP PACKET

A JOURNEY OF RECLAIMING NATIVE HEALTH AND
ADDRESSING CANCER WITH OUR RELATIVES

November 3-5, 2025

AMERICAN INDIAN CANCER FOUNDATIONS 1ST ANNUAL NATIVE CANCER CONFERENCE

A Journey of Reclaiming Native Health and Addressing Cancer with our Relatives

Cancer continues to disproportionately affect Native populations, with incidence and mortality rates rising even as they decline for many other groups. This disparity highlights an urgent need to unite Native communities and allies to exchange knowledge, celebrate successes, and address barriers in cancer prevention and control.

Through collaboration and culturally rooted solutions, we aim to create pathways for healing, innovation, and improved outcomes for Native peoples. However, achieving these goals requires the support of dedicated partners and sponsors. Your sponsorship will directly empower efforts to amplify Indigenous voices, foster meaningful partnerships, and drive impactful strategies to reduce cancer inequities in our communities.

In this packet, you will find sponsorship tiers that outline unique opportunities to support this event and align with our shared vision for equity and healing. Together, we can create meaningful change.

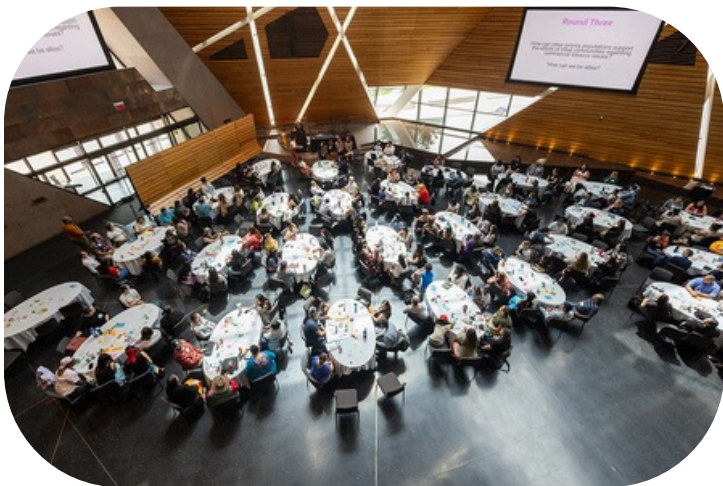

NOVEMBER 3RD-5TH, 2025
MINNEAPOLIS, MN
